Daniel W. Jones Outstanding Team Service Award
Nomination Form

Deadline: Friday, April 15, 2024 at 5 pm

This award was created to recognize and honor dedication and outstanding contributions by a University of Mississippi team of employees. The award will be given annually with a plaque for each team member, which will be presented at the Staff Appreciation Awards Ceremony (more details about the ceremony will follow at a later date).

Please note: The winner will be chosen based solely on the information provided in this nomination form, so it is recommended for the nominator to obtain as much information as needed from the nominee when completing the following questions.

Nominee Information (all information should be complete; seek input from supervisor, department or team, if needed)
Nominees must be active, full-time or part-time employees of the University of Mississippi. Nominations should be for groups of two or more staff members who work together toward a common goal or mission and who have gone above and beyond in their service to the University.

NOTES AS OF 2024:
In the spirit of the Dan Jones Team award, a nomination of a project/group/team is to recognize a significant contribution to our University of Mississippi. This is often multiple departments in separate units who may cross-collaborate on a project for the betterment of the University. This is not a recognition of a “job well done” for a specific department. We encourage departments chairs, directors, and other leaders to recognize their staff regularly for high performance.

- A letter of recommendation is encouraged, but not required. Recommended information to include:
  1. Area or department of Team
  2. Names of team members nominated and their departments
  3. Narrative statements of the team’s mutual dependence, team spirit, team building, exceptional contributions and service to the University of Mississippi.
- This award is not specifically a departmental, School, or College award/recognition, but recognition of a group of individuals working on a collective effort.

Questions to consider before nominating:
- Is the effort being recognized of the group/team “above and beyond” or are these employees/a team who are excelling at expected job duties and responsibilities?
- The more elaboration you can give the committee, the better we can understand the reason for your nomination. Short answers in the nomination form do not give us enough information to compare your nomination against the dozens of nominations we receive each year.
- What is the contribution of the group/team/unit? (please explain why there is a cross collaboration of persons across units and what the effort/project/results are from the cross-collaboration)
